DIGITAL BOOKS

Please **don't purchase textbooks** this year **except for French and junior and senior Theology**. All our books will be accessible from a laptop. Most textbooks will contain videos, interactive activities, and other resources to assist the students in mastering the content and acquiring the skills needed in a specific subject. There will be a monthly cost of less than \$20.00 for this incredible array of academic resources which can only result in a higher level of achievement for every student at Mercy. More information will be sent out in the next couple weeks.
